Subject: RE: ACTION: Review IAG draft text for West Lake Update

Thanks,

We'll get a draft of this in the next West Lake Update for final approval by Karl.

Jeff - USACE version of IAG announcement. We included specific language directly from the Scope. Use as you feel appropriate. Thanks Scott

"EPA Region 7 has entered into its second Inter-Agency Agreement with the United States Army Corps of Engineers. This second agreement establishes USACE's role to perform an Independent Technical Review (ITR) of reports prepared by the Responsible Parties in response to the National Remedy Review Board consultation with EPA on the OU-1 Supplemental Feasibility Study dated December 28, 2011. The purpose of the ITR is to provide an independent assessment of the specified Responsible Party-prepared work products to ensure scientific and technical components have been applied in a sound manner to meet established regulatory requirements. The Inter-Agency Agreement also includes community relations support from USACE. Under the community relations support effort, USACE will provide the community with information regarding the reviews accomplished by the ITR team. The entire Inter-Agency Agreement can be found at the following link: [OPA to INSERT LINK TO IAG document]."

Subject: ACTION: Review IAG draft text for West Lake Update

Provided below is draft text for the next West Lake Update on the new IAG with the USACE. Please review and insert details in yellow just this text for now. The entire WL Update will come in the next day or two for your review. Once you review this text we will get Karl's approval.

"EPA Region 7 has entered into its second Inter-Agency Agreement with the United States Army Corps of Engineers. This second agreement establishes USACE's role to perform project planning and support, technical review, and community relations at the West Lake Landfill Superfund site Operable Area 1 [INSERT WHAT PROJECT THIS IAG WILL COVER, e.g. design and construction of the IB or the final ROD. The entire Inter-Agency Agreement can be found at the following link: [OPA to INSERT LINK TO IAG document]]."
